

## About OMRON Healthcare

Committed to advancing health and empowering people worldwide to live life to the fullest, OMRON Healthcare is a global leader in the field of clinically proven, innovative medical equipment for home health monitoring and treatment. Aiming to realize its vision, "Going for ZERO, Preventive Care for the Health of Society," the company develops products for cardiovascular condition management, respiratory care, and pain therapy. Building on this, it has introduced a new digital health ecosystem that bridges patients and healthcare professionals, helping to reduce cerebro-cardiovascular events, the worsening of respiratory diseases, and limitations caused by chronic pain.

With over 400 million units sold globally\*, OMRON provides the world's most recommended blood pressure monitors by healthcare professionals\*\*. Throughout its history, OMRON Healthcare has striven to improve lives and contribute to a better society by developing innovations that help people prevent, treat, and manage their medical conditions, providing products and services in over 130 countries and regions\*\*\*.
