

4. “Service Utilizing Coastal Shipping Between Coastal Cities”

[Service description]

A BCP solution designed to cope with the reduction of flights within China, restrictions imposed on domestic trucking, and shortages of vehicles and drivers, this transport service utilizes coastal shipping between major coastal cities.

[Service features]

- Nippon Express will strive to establish reliable schedules by avoiding the restrictions imposed on truck transport within China.
- Large-lot shipments and other bulk transport can be handled.
- Coastal shipping will be utilized for transport among the cities of Dalian, Tianjin, Qingdao, Shanghai, Ningbo, Xiamen and Guangzhou.
