

THE EXECUTIVE CENTRE

The Executive Centre Announces the Opening of Its Centre at World Trade Center Building

New Centre opens in “World Trade Center Building South Tower” next April 2021

[JAPAN, 10th September 2020]

The Executive Centre (TEC), Asia Pacific’s leading flexible workspace solutions provider in the premium and corporate sector, announced the opening of its Centre at World Trade Center Building South Tower next April 2021.

Operating in Japan since 2001, the country is one of the company’s core market with 7 Centres in Tokyo and 1 Centre in Yokohama. This newest centre is part of a strategy to build out TEC’s footprint in Minato-ku business area in addition to the existing Roppongi Hills North Tower Centre as TEC has observed an increasing demand for flexible workspace in this area.

The new Executive Centre is located on the 17th floor of the World Trade Center Building, situated in the heart of the city's central business district. The Centre will feature all the signature TEC elements that is shared amongst their 135+ global Centres whilst embracing a distinctive and unique look and feel that pays homage to traditional local Japanese culture. Design features combine modern interpretations of traditional Japanese elements through details such as wooden room dividers, pattern walls and vintage furnishings by British designer Timothy Oulton.

Signature Executive Centre features include Herman Miller ergonomic chairs; height-adjustable 9am workstations, Cisco telecommunication system, Salto intelligent locking and access system, etc. This Centre also incorporates innovative technology to elevate and support its Members' operations. For instance, state-of-the-art audiovisual technology that integrates presentation and collaborative functions for virtual meetings and conferences, as well as the use of magic glass windows that switch between transparent and opaque walls

at the push of a button. TEC Members and their guests can also enjoy fresh coffee at the in-Centre barista bar.

Commenting on the opening, Hiroteru Nin, Country Director of Japan at The Executive Centre said, "The new Executive Centre at the World Trade Center Building reflects the continued expansion and popularity of our flexible workspace solutions in Japan. We open our Centres where we see demand, and we see great potential in these areas where many companies begin to incorporate more and more flexibility into their real estate portfolio to manage risk and increase the agility of their teams as a result of the global economic crisis."

About The Executive Centre

The Executive Centre (TEC) opened its doors in Hong Kong in 1994 and today boasts over 135+ Centres in 32 cities and 14 countries. It is the third-largest flexible workspace business in the Asia Pacific with an annual turnover in excess of US\$275 million.

The Executive Centre caters to ambitious professionals and industry leaders looking for more than just an office space – they are looking for a place for their organisation to thrive. TEC has cultivated an environment designed for success with a global network spanning Greater China, Southeast Asia, North Asia, India, Sri Lanka, the Middle East, and Australia, with sights to go further and grow faster. Each Executive Centre offers a prestigious address with advanced infrastructure to pre-empt, meet, and exceed the needs of its Members. Walking with Members through every milestone and achievement, The Executive Centre empowers ambitious professionals and organizations to succeed.

Privately owned and headquartered in Hong Kong, TEC provides first-class Private and Shared Workspaces, Business Concierge Services, and Meeting & Conference facilities to suit any business' needs.
